

SHAKER FLUID EXTRACT OF VALERIAN.
This Preparation is no Compound. It is a most excellent and safe Remedy for the Diseases of the Nervous System, and recommended by the Shakers of Enfield, N. H., and recognized by Professor Augustus A. Hayes, State Assayer of Massachusetts, Boston, January, Jan. 2, 1840.

Meers, Edward Bishop & Co., Boston, I hope to troubling you with a statement of the benefits I have derived from the Fluid Valerian so kindly sent me by you. It has calmed me, and a dreary affection seemed to settle on my lungs, depriving me at night of my proper rest. I am now in full health again, and I thank you, although I had need of Miss Ferry's with hardly any benefit. To my great comfort I soon found that what you said was true, and quite relieved me of my trouble, by writing home to all districts, and making my waking and resting.

The effects of this medicine will be the greatest of my declining years, and I trust all persons who are age or depraved of natural rest, or are suffering from a nervous affection, will find it a safe and salutary remedy. I will still be a blessing as never-to-be without it by their bedside, or in the sick chamber, recommending it to their friends, who may suffer by sleeplessness and waking nights.

MARY RICHARDSON.

For the above valuable medicine is sold by E. BRINLEY & CO., Druggists, Boston, and by their appointed Agents.

Sold by W. P. RUSSELL, Middlebury, by A. G. Atwood, 42 Main Street.

Drygopia, Sour Stomach, and General Distress cured by BRANT'S INDIAN PURIFYING EXTRACT.—A small quantity of which will cure a greater amount of disease than a large full pill of Saraparita can do.—Read the following from a respectable merchant, in Wyoming, N. Y.

Antiseptics, No. 10, New York, Feb. 1, 1840.

M. T. Walling & Co.—C. D. Walling, I received a case of Brant's Medicine from you, and have been most wonderfully disappointed in the sales made, and much more so in the general and particular satisfaction and medicinal effect the medicine has given to all that I have used. I was not more than a year afflicted with a disease of the bowels, which could not eat any fat or greasy substance without causing great pain, sickness, vomiting and was continually attended with a sour stomach. When Brant's Medicine came, I, as an experiment, took a dose, which relieved the severe dispepsia, we were relieved the pain after eating. I therefore took the second bottle, which has completely cured the disease. I am now well and hearty, and can eat almost anything without being pain, or the stomach becoming sore. I thank you and another supplier by express, as some who are taking it cannot do without it, have experienced so much benefit from its use.

Your respects,
T. WILCOX.

For list of agents, see advertisement in another column.

HATs.

I. W. CLARK wishing to close up his business in the Hat Trade, now offers the public

as good an assortment of warped hats as can

be found in Middlebury, at wholesale prices.

The who wish for hats can procure them

much cheaper of him than they can get them

elsewhere, as he intends to sell off his entire

stock at cost.

PROF. MANDEVILLE'S

READING BOOKS.

D. Appleton & Co., 200 Broadway, N. Y.

The attention of the friends of Education is invited to these books, though they have hitherto been published at a high price, they are being generally adopted in Ohio, New York, and New Jersey, are recommended by the Commissioner of Public Schools in Rhode Island, and are now used exclusively in Providence, Brooklyn, N. Y., Newburyport, Mass., and in Newark, N. J., and are used in all the departments of the Normal Schools, at Albany, N. Y. In Maine they are used in many Academies, and are fast going into the Common Schools. Among the numerous recommendations from educationalists in Vermont, are the following:

From Rev. A. O. Hubbard, Supt. Common Schools in Caldena Co., Vt.

—Prof. Mandeville's set of Reading Books is one of the best sets of books ever offered to the public, and I would like to say, whether he be led to the different classes in the Common Schools, or to the most advanced classes in our High Schools, he will find them well adapted to the elementary needs, consider that a large number of the pieces were selected or composed with a special view to the first class, a natural and animated education, instead of a dead, dry, and monotonous reading. It should be mentioned that we have a large number of English, and intelligent, constant purchasers. I hope that they will be extensively used in our State.

From Rev. E. S. Barrett, M. A., Sept. Common Schools in Addison Co., Vt.

—Having examined with care several sets of Reading Books, I can assure you that the composition of these, the decided preference, and to recommend their unanimous introduction into the schools in this County. It is a set of books which I heartily commend, as it takes the child as he enters the primary school, and progresses with him step by step, until he has finished his education. The style is simple, clear, and expressive, of smooth, pretty sounding words, running through the entire work, and language is taken in every variety and form, and the illustrations are numerous, and I heartily recommend this series to the attention of all interested in the welfare of Schools.

From Rev. S. H. Hall, Sept. Common Schools in Orleans Co., Vt.

—I have become acquainted with neither series which I have examined with care, nor the composition of these, the decided preference, and to recommend their unanimous introduction into the schools in this County. It is a set of books which I heartily commend, as it takes the child as he enters the primary school, and progresses with him step by step, until he has finished his education. The style is simple, clear, and expressive, of smooth, pretty sounding words, running through the entire work, and language is taken in every variety and form, and the illustrations are numerous, and I heartily recommend this series to the attention of all interested in the welfare of Schools.
